

# School at Home

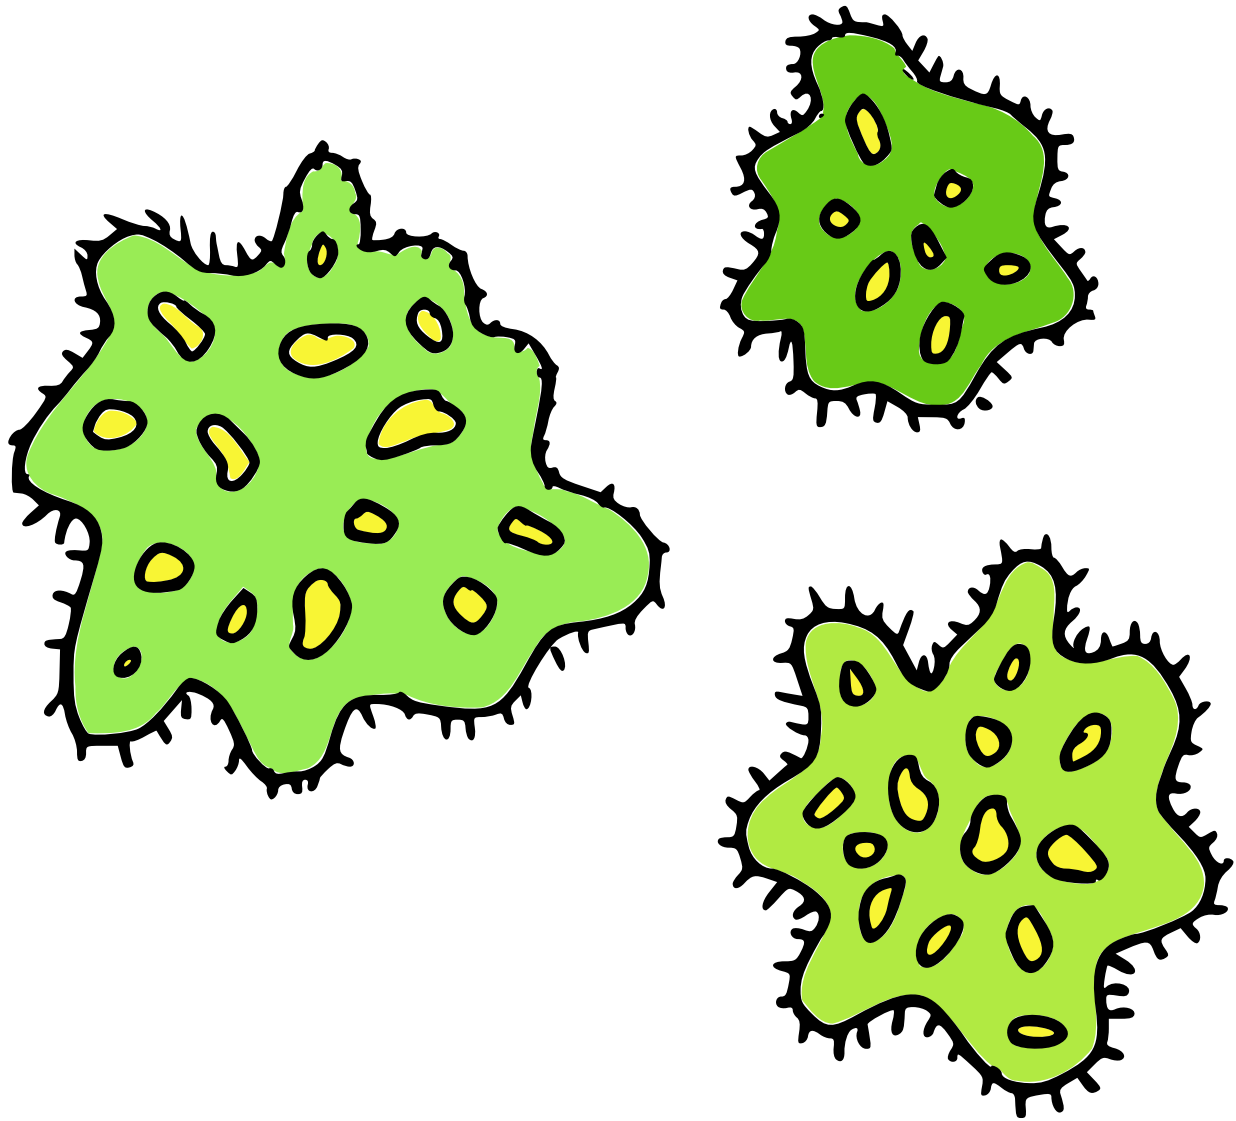

School is now at home.

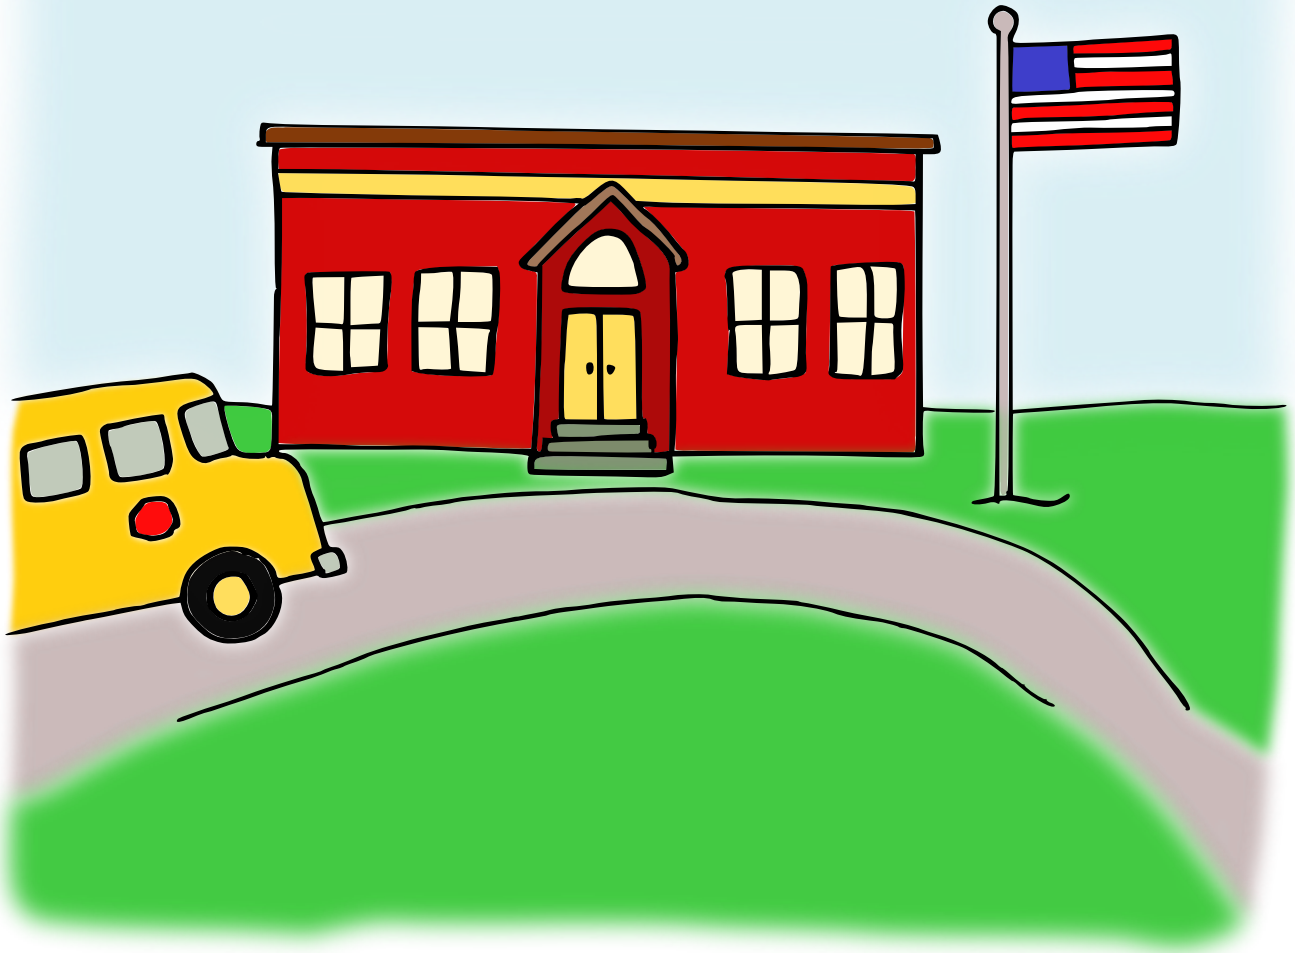

Why do we have to do school at home?

Sometimes people get sick. Little things called germs make people sick.

Right now there are some germs called Coronavirus that are making a lot of people sick.

My school has decided in order for me, my friends, and my teachers to stay safe, I will learn from home now.

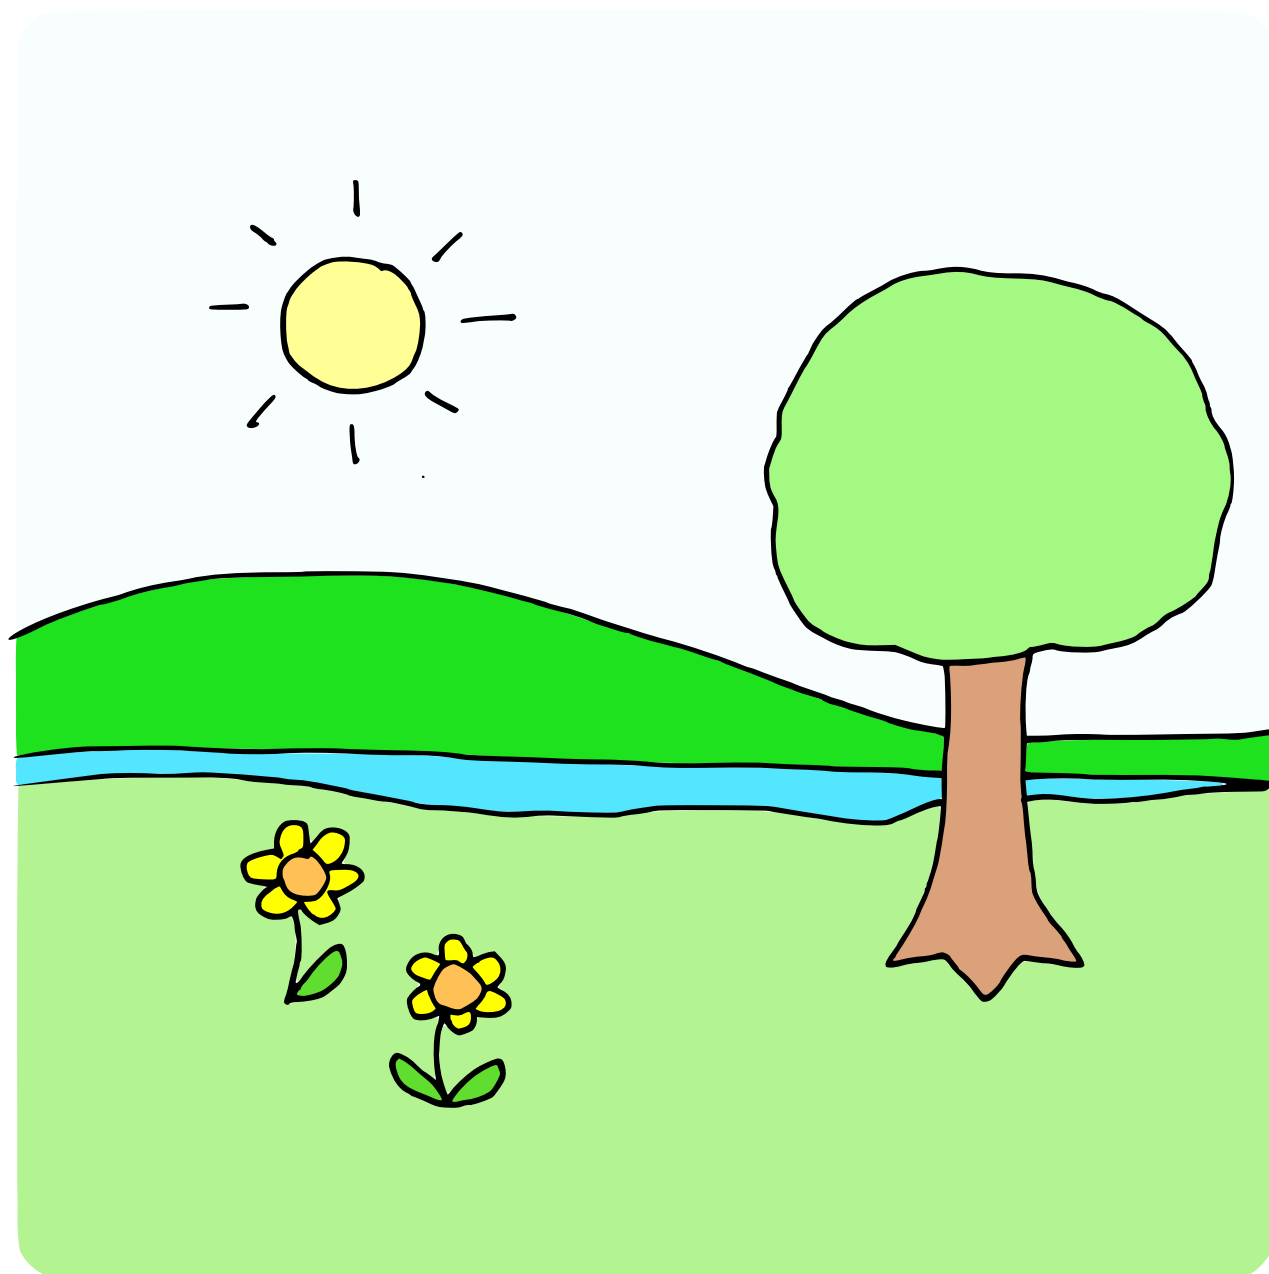

I will keep learning with the help of my teachers, supports, and family.

Even though school is closed, I can still learn and have fun. I can read.

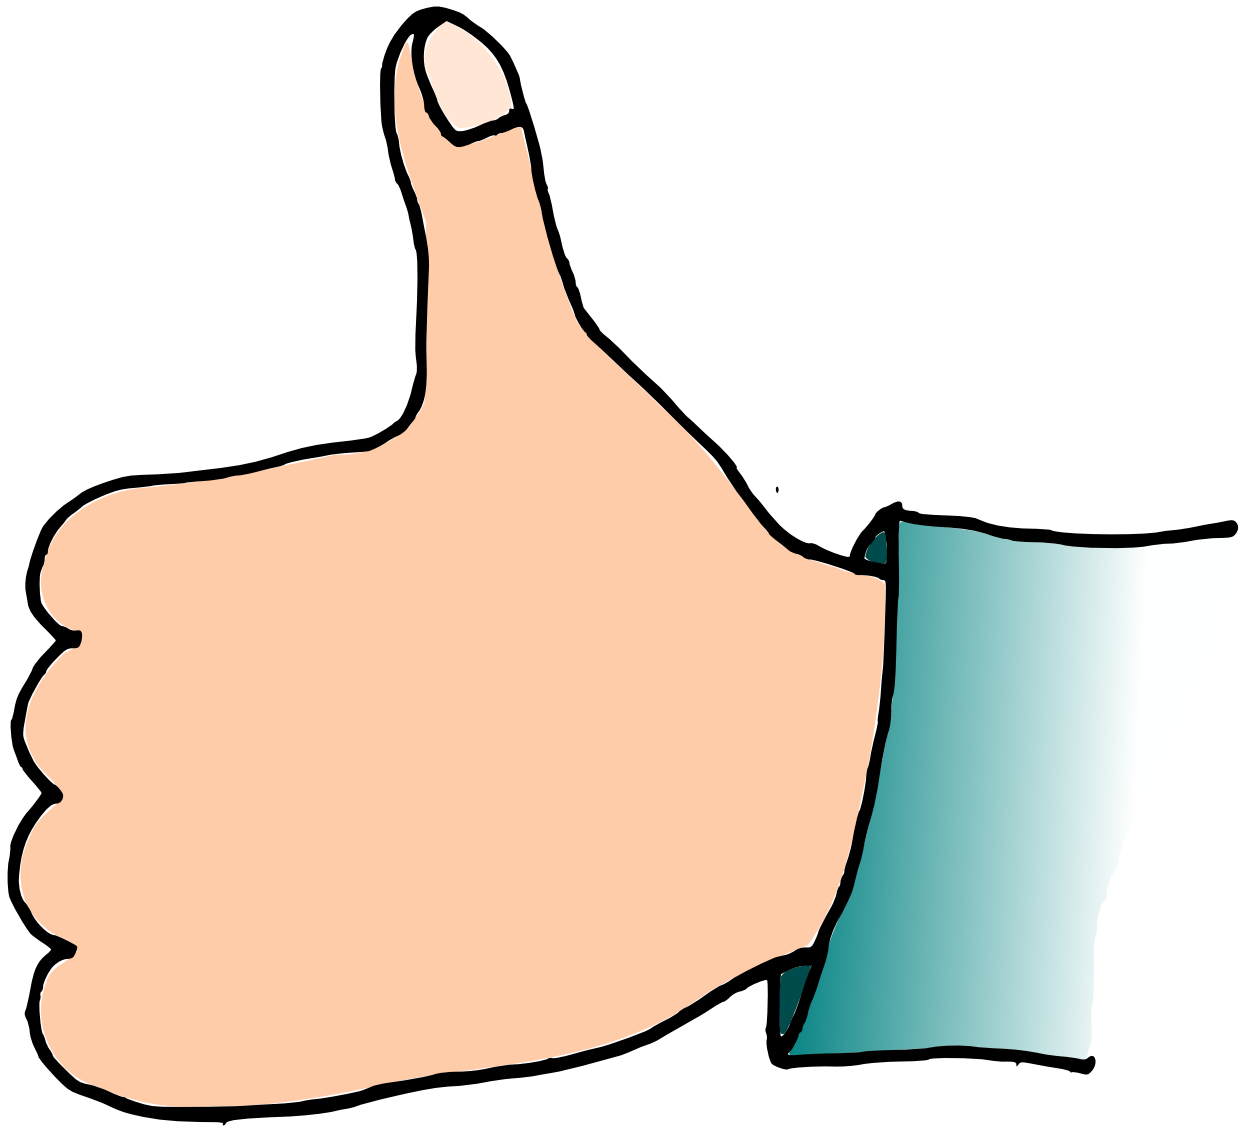

I can go outside.

I can get creative and play with my toys.

This might make me feel sad or down.  
I might miss my friends and school.

It will be okay. When it is safe for me, my friends, and my teachers to return to school, they will tell me.
