June 8, 2026

Wheeler Central Community,

Our school takes pride in supporting the needs of the whole child, and to ensure that all children are safe, supported, engaged, and challenged each school day. Research indicates that initiatives focused on improving aspects of students' well-being in schools — such as addressing childhood obesity, preventing bullying, supporting students mental health, and restricting use of exclusionary discipline — have been found to be successful in improving student success and academic excellence. We have assessed our wellness policy as part of the USDA requirements. Below are the results of our assessment.

Step #1- Link to Results of the wellness policy assessment - <https://shorturl.at/sGp2X>

Step #2- Link to completed Step 2 documentation - <https://shorturl.at/HgEJA>

Identify steps taken to meet unmet goal(s) or policy elements that are not currently met and how you will update Wellness policy goals, if needed. We will continue to review our policies and procedures throughout the year regarding wellness and make adjustments as needed to fit the situations as they arise. Specific areas of improvement will be in our physical activity, wellness promotion, and school meals. Documenting changes within these specific areas needs to be improved.

Document how you updated the public below (posted on a public facing website - include link, presented at board meeting, etc). All information regarding our triennial assessment will be posted on our webpage at the conclusion of all documents being submitted for approval. The superintendent will present an update for the board at the June 2026 board meeting as well as make any changes and updates to our wellness policy.

If you have any questions, please contact **Dan Kluver** at dkluver@wbroncs.org.

Respectfully,

Daniel Kluver Sr.
Superintendent
